

Thank you for releasing Docket 05-049 containing the List of Significantly Viewed Stations by County. I currently live in York County, Pennsylvania and have noticed omissions for my county.
Currently the list shows:

York

WGAL, 8, Lancaster, PA
WHTM-TV, 27, Harrisburg, PA (formerly WTPA)
WPMT, 43, York, PA (formerly WSBA)
WMAR-TV, 2, Baltimore, MD
WBAL-TV, 11, Baltimore, MD
WJZ-TV, 13, Baltimore, MD

The list seems to be missing all the PBS stations located in or around York. For instance, the missing PBS's are:

WITF, 33, Harrisburg, PA
WMPB, 67, Owings Mill, MD

Both of these are significantly viewed in the County, and appear on most cable systems.

Also the Pennsylvania portion of the list includes, at the end, several townships. The problem is that some county have townships with the same name. For example, Lancaster and York Counties both have townships named Penn Township and Manheim Township. There are also other duplicate townships as well that appear in the list. Please append County names to the Township and Borough names, so that it can be made clear which township/borough is being listed.

Thank you
